

# Joining in Unity Throughout the Nation

## Opportunities to Participate Regionally

### Shofars at Sunrise

New Zealand is first to see the sun. At 7am, on the morning of the event shofars will be blown in locations right around the nation. The simultaneous sounding of shofars will go out from around the nation; it will be a sound that is sent out from the ends of the earth.

*Join in the sounding of shofars –*

- email us with the place you will sound your shofar – so we can put you on the map, and build a national picture.
- record the sounding of your shofar on Facebook Live, so others can hear and see it.

### Come to the National Event

Although the Bless Israel Evening will be run in Auckland – it is not an Auckland Event. People from different locations, representing towns, cities and regions from around our whole nation, standing together in unity is powerful. It's going to be a very special evening.

The testimony of our unity and love will be seen on the other side of the world. We believe that the message we send from 'the ends of the earth' will be filmed and broadcast in Israel and to 27 countries in the Middle East and North Africa that are reached by Middle East TV. We want to send a message from all New Zealanders - faces from many places, ages, and races.

*Join in coming to the event –*

- Bring a group from your church, organisation or region – rsvp to reserve seats so we know when we have filled the 2400 event centre capacity.
- Organize transport, book a bus for groups to make it easy for people to gather.
- Bring a memorial stone, each group bring a small stone from your region as a sign of where you come from. Together the stones will form a memorial pillar – to be given to the Israeli Embassy as a permanent reminder of our standing together in blessing.

NEW ZEALAND BLESS ISRAEL

## Link by Live Stream

In communities and cities around Aotearoa churches and groups can be part of Blessing Israel by live streaming the NZ Bless Israel Event to a combined community event. Multiplying the venues, multiplies the blessing. It gives those who cannot travel the opportunity to be part of standing in unity and agreement – it helps to bring people together across communities, and it sends a message to Israel that people from around the nation wanted to stand together to release blessing to them.

We know too that God honors His word to bless those who bless Israel: standing in our regions releasing blessing to Israel, we are also standing in agreement for our regions to receive blessing. We are standing with and for one another.

*Join in, or host a combined event in your home town –*

- contact us if you would like to host, or help coordinate a NZ Bless Israel Evening in your town or city.

*We can let you know what plans are already under way, and coordinate possibilities.*

*In having one event per town we take the opportunity to gather together and stand as one.*

- gather people and support an Evening that is happening in your town or region

## Faces of Blessing – Photo Book

To commemorate this special event we will put together a Photo Book. Faces of churches, organisations and groups from around New Zealand holding a sign: # Bless Israel.

It's a heartwarming way of communicating blessing from us all. They will see all of our faces, see Churches and Christian organisations from around the regions and across the spectrum sending love and blessing. It's something that people in the Jewish community can look at in years to come; it will be presented to the Israeli Embassy/Community representative at the Evening Event. It can be shown in Israel as a personalized message, and a book of remembrance from New Zealand.

*Join your face with the faces of other New Zealanders –*

- take a photo of your group, your church or organization holding up a sign that says your name (including where you are from) # Bless Israel.
- send your photo in as soon as you are able so we can gather as many as possible to print in the Faces of Blessing Photo Book.

*You can upload your photo directly on the website: look up New Zealand Bless Israel*
